

(3) Licensed individuals shall cooperate fully with the board in any investigation and adjudication of matters of professional conduct related to this Code of Ethics.

O. Principles of Ethics VII: Licensed audiologists and hearing aid dispensers shall, at the time of the initial examination for possible sale and fitting of a hearing aid if a hearing loss is determined, inform each prospective purchaser about hearing aid options that can provide a direct connection between the hearing aid and assistive listening systems in accordance with the latest standards for accessible design adopted by the United States department of justice in accordance with the federal Americans with Disabilities Act of 1990, as amended.
